

ACTION ALERT! REQUEST COUNTIES NOT OPT IN TO LOWER DEER HUNTING AGE

Let's try to stop some counties from opting in to a 3-yr. pilot program that lowers the hunting age for deer from 14 to 12 and allows their use of crossbows and bolts. Twelve-year-olds can already use modified AR-15 and AK 47 rifles!

Please see the attached letter for objections to the program, or to use it as your own. Please also contact your county lawmakers via Facebook, Twitter, email, or phone to make your voice heard. Please find contact info for the counties closest to the ones that are exempt from the pilot program and will be the most likely to have an influx of young deer hunters if they opt-in.
